Three components

Housing

- Dining
- Where we connect socially

These questions would be asked of staff, faculty, and students through online survey and/or focus groups.

Brief discussion of the Lilly Center occurred with talks of social space utilization.

Handouts were given to members that included Greek survey data, housing philosophies of colleges and universities in the Great Lake College Association, and staff responses from the Campus Life retreat considering aspects of living on campus at DePauw, as well as a draft of a philosophy for living on campus at DePauw. The terms used in the draft are the same terms the Summer Working Group report used. Another handout included questions for the committee to ask themselves as well as statistics about living on campus at DePauw.

The next meeting will be October 15, 2009 and will be a tour of the different living options at DePauw for the members to have a context for future discussion of living options. The meeting place will be Longden Hall lobby at 4 pm.

Respectfully submitted by Kelsey Flanagan.
